

| Obs | Patient_ID | Age | Gender | Treatment | BP_Before | BP_After |
|-----|------------|-----|--------|-----------|-----------|----------|
| 1   | 1          | 45  | F      | DrugA     | 150       | 130      |
| 2   | 2          | 52  | M      | DrugA     | 160       | 140      |
| 3   | 3          | 39  | F      | Placebo   | 145       | 143      |
| 4   | 4          | 60  | M      | DrugA     | 170       | 150      |
| 5   | 5          | 48  | F      | Placebo   | 155       | 154      |

The MEANS Procedure

| Variable     | Mean        | Minimum     | Maximum     |
|--------------|-------------|-------------|-------------|
| Age          | 48.8000000  | 39.0000000  | 60.0000000  |
| BP_Before    | 156.0000000 | 145.0000000 | 170.0000000 |
| BP_After     | 143.4000000 | 130.0000000 | 154.0000000 |
| BP_Reduction | 12.6000000  | 1.0000000   | 20.0000000  |

The MEANS Procedure

| Analysis Variable : BP_Reduction |       |            |
|----------------------------------|-------|------------|
| Treatment                        | N Obs | Mean       |
| DrugA                            | 3     | 20.0000000 |
| Placebo                          | 2     | 1.5000000  |

The FREQ Procedure

| Gender | Frequency | Percent | Cumulative Frequency | Cumulative Percent |
|--------|-----------|---------|----------------------|--------------------|
| F      | 3         | 60.00   | 3                    | 60.00              |
| M      | 2         | 40.00   | 5                    | 100.00             |

| Treatment | Frequency | Percent | Cumulative Frequency | Cumulative Percent |
|-----------|-----------|---------|----------------------|--------------------|
| DrugA     | 3         | 60.00   | 3                    | 60.00              |
| Placebo   | 2         | 40.00   | 5                    | 100.00             |
